**Free Soil Community School: Excellence in education for almost a century!!**

Dear Free Soil Parents:

Beginning on Monday, February 23, 2009, our school will be participating in a system to improve student behavior. The plan is called MiBLSi, or Michigan's Integrated Behavior and Learning Support Initiative. What happens is that our students will be rewarded with "All-Star" tickets. These tickets will allow them to purchase things at the Free Soil All-Stars Store. Prizes include stickers, Pirate Pride items, board games, free home work passes, extra computer time, recess, etc. The theory behind this system is that improving student behavior causes better learning. Certainly everyone would like to see their child's/children's learning improve! All classes, P-8<sup>th</sup>, will be participating. If you have questions you can check it all out at: [www.cenmi.org/miblsi](http://www.cenmi.org/miblsi)

We look forward to better learning in our school!

Sincerely,

Sharon Spencer, Principal

Free Soil Community School
